Made by Mayfair Vinci Linear Pendant in Bronze with Hazel Alabaster

SKU: 050683

Details

The 17LT Made by Mayfair Vinci linear pendant is a grand expression of the Vinci collection, combining sculptural form, natural material and dramatic scale in a striking oblong silhouette.

Designed to make a statement above a dining table or long island bench, its layered, tiered composition creates a sense of depth and movement from every angle. Individual pieces of genuine Spanish alabaster are suspended throughout the frame, softly diffusing the light while showcasing the natural beauty of the stone.

Each piece of alabaster is unique, with its own veining, tonal variation and translucency. Together, these individual characteristics give the pendant a rich, layered quality and ensure every Vinci installation has its own distinctive character.

The generous linear proportions make the 17LT Vinci a true centrepiece, designed to anchor a room and create a memorable focal point even when unlit. When illuminated, light filters through the alabaster to reveal the depth, texture and variation within each piece.

Part of the wider Made by Mayfair Vinci collection, the linear pendant can be complemented by other Vinci designs throughout the home, allowing the same considered palette of alabaster and metalwork to flow through adjoining spaces.

Available in aged brass with natural alabaster for a refined, luminous aesthetic, or bronze with hazel alabaster for a deeper and more dramatic expression.

TIP: Position the 17LT Vinci over a generous dining table where its elongated form can mirror the proportions below and allow the tiered alabaster to become the defining feature of the room.
