Details

The 1LT Made by Mayfair Vinci pendant distils the sculptural character of the Vinci collection into a compact, single-tier design.
Suspended pieces of genuine Spanish alabaster create a refined interplay of form, texture and light. As a natural stone, each piece of alabaster is unique, with individual veining, tonal variation and translucency that give every pendant its own character.
Designed for smaller, more considered applications, the 1LT Vinci is ideal for bedsides, powder rooms and narrow hallways, where its materiality and sculptural form can make a strong impression without overwhelming the space.
Use it on its own as a subtle statement, or pair it with larger Vinci designs throughout the home to create a cohesive lighting story.
The wider Vinci collection is available in aged brass with natural alabaster for a softer, refined aesthetic, or bronze with hazel alabaster for a richer and more dramatic expression.
TIP: Allow the natural variation of the Spanish alabaster to become part of the design. No two pieces are exactly alike, giving each Vinci pendant a unique finish.
