MFL Forge Textured Dimmer Detail Only in Aged Nickel

SKU: 291081

Details

The MFL Forge Textured Dimmer Detail brings a sophisticated tactile element to your space, combining traditional charm with modern functionality. Designed to be compatible with rotary-style dimmer mechanisms, it works seamlessly with our Lucci Power rotary dimmer range. Available in a selection of stylish colourways, including White, Black, Brass, Aged Nickel, Antique Brass, and Bronze, this dimmer detail allows for easy integration with both Forge Heritage and Forge Modern plates. Crafted with quality materials, the textured finish adds a unique, refined touch to your interiors while ensuring lasting durability. Perfect for those seeking both style and functionality, the MFL Forge Textured Dimmer Detail enhances any room with a classic yet contemporary appeal.
Backed by a 10-year warranty, this dimmer detail offers enduring quality and performance, providing the perfect finishing touch to your space.
