Wirth 7 Light 800mm Pendant in Walnut with Natural Linen

SKU: 018123

Details

The Wirth collection pairs soft fabric shades with warm timber and metal details for a modern take on mid-century lighting. Available in oak with aged brass and white linen or walnut with bronze and natural linen, the collection brings together natural materials and considered detailing for a cohesive look throughout the home. Distinctive conical forms and tapered timber accents give the range its signature character, while fabric shades create a soft, diffused light. Designed to complement living rooms, dining areas and bedrooms, Wirth can be used across a space to create a coordinated lighting scheme. The combination of warm finishes and simple geometric forms makes the collection equally suited to contemporary and mid-century inspired interiors.
