

## Cable 2.5mm Twin + Earth 100m Drum

SKU: 299302

### Details

**Brand:** Tyree

**Cable Type:** Thermoplastic Sheathed (TPS) Flat Cable

**Configuration:** Twin and Earth

**Length:** 100 metres

**Australian Made**

**Tyree 2.5mm<sup>2</sup> Twin and Earth TPS Cable** is a high-quality, Australian-made cable designed for fixed wiring in residential, commercial and light-industrial applications.

Proudly Australian Made

Tyree is a 100% Australian-owned business with a proud history of local manufacturing and engineering innovation.

Choosing Tyree cable supports Australian manufacturing, local employment and ongoing investment in product development.

Through the Tyree Foundation, up to 50% of the company's retained profits are contributed to initiatives advancing engineering, education and medical research.

It is more than quality Australian-made cable—it is an investment in Australian industry, innovation and the wider community.

Key Features

#### Twin and Earth Construction

Includes active and neutral conductors together with an earth conductor, flat-laid within a durable PVC outer sheath.

#### Australian Made

Locally manufactured to deliver consistent quality, performance and reliability for Australian electricians.

#### Easy to Strip and Terminate

Plain annealed, stranded copper conductors and PVC insulation assist with clean stripping and efficient termination, helping reduce installation time.

#### Metre-Marked Outer Sheath

Clearly marked cable lengths make it easier to monitor the remaining cable on the reel, measure cable runs and minimise waste.

#### Durable TPS Construction

V-90 PVC insulation and a robust white PVC outer sheath provide lasting protection for fixed-wiring applications in suitable protected locations.

#### Supplied on a Tough Plastic Reel

Packaged for convenient transportation, storage and controlled dispensing on site.

Australian Standards Compliant

Manufactured to comply with AS/NZS 5000.2 requirements for cable safety, quality and electrical performance, with V90 PVC insulation and sheath compounds manufactured in accordance with AS/NZS 3808.

Specifications

|                                 |                                   |
|---------------------------------|-----------------------------------|
| Conductor size                  | 2.5mm <sup>2</sup>                |
| Conductor construction          | 7/0.67mm                          |
| Number of cores                 | 2 core plus earth                 |
| Core colours                    | Red, black and green/yellow earth |
| Conductor material              | Plain annealed copper             |
| Conductor type                  | Stranded                          |
| Insulation                      | V-90 PVC                          |
| Outer sheath                    | 3V-90 PVC, white                  |
| Rated voltage                   | 450/750V                          |
| Operating temperature           | -15°C to +90°C                    |
| Cable standard                  | AS/NZS 5000.2                     |
| Insulation and sheath compounds | AS/NZS 3808                       |
| Roll length                     | 100 metres                        |
| Country of manufacture          | Australia                         |

Australian Cable with a Greater Purpose  
Tyree 2.5mm<sup>2</sup> Twin and Earth TPS Cable combines Australian manufacturing, dependable electrical performance and installer-friendly construction in a convenient 100-metre roll. For electricians who value quality, compliance and local manufacturing, Tyree provides a trusted cable solution while supporting Australian jobs, engineering innovation and important medical and educational research.
