

Cable 2.5mm Twin + Earth Purple Non-Migratory PVC 100m Drum

SKU: 299299

Details

Brand: Tyree

Cable Type: Thermoplastic Sheathed (TPS) Flat Cable

Configuration: Twin and Earth, non-migratory

Length: 100 metres

Australian Made

Tyree 2.5mm² Purple Non-Migratory Twin and Earth TPS

Cable is a high-quality, Australian-made cable designed for fixed wiring in residential, commercial and light-industrial applications.

Proudly Australian Made

Tyree is a 100% Australian-owned business with a proud history of local manufacturing and engineering innovation.

Choosing Tyree cable supports Australian manufacturing, local employment and ongoing investment in product development.

Through the Tyree Foundation, up to 50% of the company's retained profits are contributed to initiatives advancing engineering, education and medical research.

It is more than quality Australian-made cable—it is an investment in Australian industry, innovation and the wider community.

Key Features

Twin and Earth Construction

Includes active and neutral conductors together with an earth conductor, flat-laid within a distinctive purple non-migratory PVC outer sheath.

Australian Made

Locally manufactured to deliver consistent quality, performance and reliability for Australian electricians.

Easy to Strip and Terminate

Plain annealed, stranded copper conductors and PVC insulation assist with clean stripping and efficient termination, helping reduce installation time.

Metre-Marked Outer Sheath

Clearly marked cable lengths make it easier to monitor the remaining cable on the reel, measure cable runs and minimise waste.

Non-Migratory Purple Sheath

The specially formulated non-migratory V90 PVC helps minimise plasticiser migration and reduce the risk of cable insulation degradation in relevant fixed-wiring installations.

Supplied on a Tough Plastic Reel

Packaged for convenient transportation, storage and controlled dispensing on site.

Australian Standards Compliant

Manufactured to comply with AS/NZS 5000.2 requirements for cable safety, quality and electrical performance, with V90 PVC insulation and sheath compounds manufactured in accordance with AS/NZS 3808.

Specifications

Conductor size	2.5mm ²
Conductor construction	7/0.67mm
Number of cores	2 core plus earth
Core colours	Red, black and green/yellow earth
Conductor material	Plain annealed copper
Conductor type	Stranded
Insulation	V-90 PVC
Outer sheath	Non-migratory 3V-90 PVC, purple
Rated voltage	450/750V
Operating temperature	-15°C to +90°C
Cable standard	AS/NZS 5000.2
Insulation and sheath compounds	AS/NZS 3808
Roll length	100 metres
Country of manufacture	Australia

Australian Cable with a Greater Purpose

Tyree 2.5mm² Purple Non-Migratory Twin and Earth TPS Cable combines Australian manufacturing, dependable electrical performance and application-specific protection in a convenient 100-metre roll.

For electricians who value quality, compliance and local manufacturing, Tyree provides a trusted cable solution while supporting Australian jobs, engineering innovation and important medical and educational research.
