

Commercial 2.5m Black

SKU: 211405

Details

The 2.5m Mammoth Commercial Fan is designed for spaces where larger HVLS fans aren't practical but efficient airflow is still essential. Ideal for cafés, retail spaces, studios and smaller alfresco areas, it also performs well in targeted industrial applications such as packing stations and work zones. Compact in size, it delivers the same efficient PMSM technology found across the Mammoth range.
