

Lucci Karbon 25W BC Deco T8 Globe in Warm White

SKU: 101418

Details

The Lucci Karbon 25W BC Deco T8 globe in warm white features a 2200K colour temperature that creates a soft, ambient glow suited to decorative and mood lighting applications. Designed with T8 shaping and a bayonet cap (BC) base, it fits a variety of open fixtures, pendants, and vintage-inspired fittings. As part of the Karbon lighting technology range, it offers a filament-style aesthetic that enhances atmospheres in living areas, dining spaces, and hospitality settings. Operating on 240V with a single-globe configuration, it combines retro styling with reliable illumination. The Lucci Karbon T8 globe delivers character, warmth, and visual impact in feature lighting designs.
